EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with John S. Golian (Reg. No. 54,702) on 12/12/2007.

The application has been amended as follows:

In the claims:

In claim 1, line 9, before "image capturing device", insert --the--.

In claim 39, line 4, after "rule", insert --in said captured image--.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

The prior art of record, namely, Barsness et al. (U.S. Patent Application Publication Pub. No. US 2003/0072488 A1), does not disclose, teach or suggest, defining a set of rules pertaining to an image, such that the set of rules governs actions performed upon a captured image; embedding at least one rule in the captured image, and applying the set of rules to the image captured by the image capturing device, as claimed in independent claim 1. Independent claims 10, 19, 29 and 39 recite the same

or similar claim limitations, and are found to be allowable over the prior art of record for the same or similar reason(s).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
